A BAD CUT.—Ernest, the little son of Mr. A. W. Dashi, who, when in the alley running west from Pitt street, near Duke, on Thursday evening, trod upon a broken yeast powder bottle and cut his foot in such a manner as to cause him to nearly bleed to death. He lies very weak from loss of blood. The new was in the alley alone at the time. Mr. John Lawler in passing saw him lying on his back, holding up his bleeding foot and crying aloud. He went to his assistance and finding he could not staunch the flow of blood called aid. The foot was bandaged and the lad, now thoroughly helpless from loss of blood, was taken home—only around the corner—but on the way the wound began to bleed freely again, and Dr. Ashby, who was passing, was called and soon succeeded in stopping the flow of blood and the boy quietly sleeping. The cut was deep in the instep and the boy seems to have badly lacerated the ball of the foot by drawing out the broken glass, which he had been busily doing, as his hands and arms attest.

FIERCE RAIN STORM.—About half-past two o'clock this morning most people who had been asleep were awakened by a fierce rain storm which set in and raged for about fifteen minutes. Up to midnight there were no indications of rain, a blue breeze prevailing from the South, with almost a clear sky. After twelve o'clock, however, a haze gathered which soon veiled the stellar system, and subsequently a heavy cloud formed. The wind came out strong from the north-west, slamming blinds, swaying trees and roaring so loud that many were startled from sleep. The rain fell in torrents, while lightning flashed vividly and thunder rolled heavily. In about a quarter of an hour the cloud had spent itself. Apart from causing many trees to shed their untimely fruit, no particular damage was done by the storm.

FOUND THE WHEREWITHAL.—A few days since Joe Simms, a Fairfaxian, was arrested in this city for being drunk on the street and was sent to jail for the non-payment of the fine. This morning when the chain gang was called out Simms was told to "don a suit of stripes and go to work." Simms was much taken aback and declared that he was too sick to work. The captain of the gang, however, was inexorable and insisted that the suit be put on. Simms reluctantly put on the pants and after gazing at the black and yellow stripes, (which are certainly not handsome) suddenly remembered that he had enough money to pay the fine which he forthwith did and was released.

PLAYING CONSTABLE.—Yesterday evening a sailor went to a store on north Fairfax street, where he and several colored women began drinking. The sailor suddenly grabbed one of the women, saying that he was a county constable, and that as she had robbed him of \$14 he would take her to a justice. The woman offered no resistance, and all being said by the constable, accompanied the sailor as far as the Paul's Church, where a policeman appeared and she had the man arrested and locked up. To-day he was fined \$5 for playing county constable.

THE MARKET to-day was bountifully supplied with country produce and fruits, vegetables, &c., in season. There was a large attendance of sellers and many buyers were also present. There was no change in prices of meats, but other things were rather lower. Corn sold at 8 1/2c a dozen; tomatoes 10 1/2c a peck; potatoes 20 1/2c a peck; cucumbers 8 1/2c a dozen; cabbins 8 1/2c a dozen; lima beans 10 1/2c a quart; peaches 15 1/2c a peck; cantaloupes 8 1/2c a peck; watermelons 5 1/2c a peck; butter 18 1/2c a pound and eggs 16 1/2c a dozen.

POLICE REPORT.—Last night was clear and mild till about 3 o'clock when there was a heavy fall of rain. There were two prisoners and two lodgers at the station house. The following cases were disposed of at the Mayor's office this morning:

Ernest Simms, for being drunk and recklessly driving his team through the streets, was fined \$5.

Jas. Riley, a sailor, for an assault on Jos. Lee, colored, and for playing county constable, was fined \$5.

SHIPPING A BIG GUN.—The Ordnance Bureau of the navy will to-day ship to the New York navy yard a ten-inch gun, with carriage, from the proving grounds at Indian Head, on the Potomac river, below this city. The gun will be placed on the Misantomah, now at the yard. This, with the three other ten-inch guns which the vessel now has, will complete her battery, so far as the Ordnance Bureau is concerned.

RAILROAD EARNINGS.—It is said that the annual report of Richmond and Danville for the year ending June 30 shows over 12 per cent. earned on the stock. The expert report published recently gave the earnings of the company only for the year ending June 30, 1890. Since that time there has been improvement.

MARRIED.—The case of Young Hawkins, charged with the tetral of Miss Laura Champag, was called in the police court in Lynchburg yesterday evening, and happily settled by the marriage of the parties. Miss Champag is well known in this city and Fairfax county.

BROKE HER LEG.—Mrs. Hough, wife of Rev. K. L. S. Hough, while walking across the floor of her room at her residence on Washington street yesterday evening, accidentally fell and broke her leg at the ankle. She was attended by Dr. Ashby.

PERSONAL.—Messrs. Mary and Katie Adams, a Miss Dyer and Gertrude Slansbury are at A. Smith City.

Miss Adams has gone to the Greenbrier White Sulphur Springs to join her sister.

LOCAL BREVITIES.

To-day the feast of the assumption was celebrated in the Catholic church.

Mr. H. H. Harwood, the artist, has completed an enlarged picture of the late Miss Alice Hawkins, which is pronounced a striking likeness.

Mr. C. F. Adam and Messrs. B. O. Aton & Son have had made several sets of memorial spoons, being engravings of historical buildings in this city.

A horse belonging to Mr. T. F. Burroughs ran off in the southwestern section of the city yesterday evening and caused some excitement but did not slight damage.

Attention is called to the advertisement in another column of Covenant Lodge, No. 13, I. O. O. F., of Georgetown, which organization will give a select family excursion to River View, on the steamer Samu I. J. Penz, on Monday next.

The Board of Excise Commissioners have approved an application of Capor L. Craig to open a saloon on Royal street, between King and Cameron.

Mrs. S. W. Markell sent to this office to-day a basket of delicious peaches which grow on a tree planted in her yard three years ago.

The Woodlawn Farmers' Club of Fairfax county to-day went on an excursion to Marshall Hall.

The employees in the railroad shops here were to-day given another day's "furlough."

MR. W. H. MUIR, an old and respected citizen, and formerly one of Alexandria's most extensive furniture dealers, died this afternoon at his home on north Columbus street of cancer.

WASHINGTON AND LEE UNIVERSITY.—This University, endowed by George Washington, and presided over for five years by Robert E. Lee, and located at Lexington, has an endowment of \$625,000, and grounds and buildings worth \$250,000. Its library contains 25,000 volumes. A new and handsome gymnasium has been erected, and hereafter a competent instructor in physical training will be employed. In addition to extensive courses in all the usual academic departments, there are professional schools of law and engineering. Hon. John Randolph Tucker, so well known for his brilliant career in Congress, holds the chair of equity, constitutional law, etc., in the law school. An appropriation has recently been made of \$10,000 to increase the facilities in engineering. Electrical engineering will be added to the course. Seventeen scholarships are offered by the University to students as the reward of merit.

SOUVENIR SPOONS.—We have had manufactured some beautiful SOUVENIR SPOONS, upon which are engraved historical places in Alexandria. A picture of old Christ Church is on the bowl, with a monogrammed handle of V. A., a familiar abbreviation of the grand old mother of States. They can now be seen at our store, where they are for sale at \$3.50 apiece. E. C. ACORN & SON.

Sickness Among Children.—Especially infants, is prevalent more or less at all times, but is largely avoided by giving proper nourishment and wholesome food. The most successful and reliable of all is the Gail Borden "Eagle" Brand Condensed Milk. Your grocer and druggist keep it.

A. B. C. Alternative Purifies the Blood. Short breath, palpitation, pain in chest, weak or faint spells, smothering, cured by Dr. Miles' New Heart Cure. Sold at drug stores. Free treatise by mail. MILES MED. CO., Elkhart, Ind.

MONETARY AND COMMERCIAL.

New York, Aug. 15.—The stock market this morning opened with considerable animation and a decidedly strong tone, although the business done was still narrowed principally to about a half dozen stocks it was well distributed among them. First prices were from 1/4 to 1/2 per cent. better than the closing figures of last evening, and while some hesitation existed in the early dealings the advance was resumed immediately and further fractional gains were made in all the leading shares. The demand slackened away later and the market became less active but the best prices were well maintained throughout the hour and at 11 o'clock the market was quiet but strong at or near the highest figures.

CURED.

The Effect Was Magical.

I suffered from cancer on my lip that defied the skill of the best physicians of the State. I had it burned out, but the operation only made it worse, causing it to spread over more surface and eat deeper in. I finally used Swift's Specific (S. S. S.) to heal it up and drove the poison out of my blood. The effect of the Specific was magical! It healed up entirely without leaving a scar, and a reminder. This was over four years ago, and since then there has been no sign of a return of the cancer. I will cheerfully answer any inquiries in regard to my case.
